New York, May El.—The share speculation on the Stock exchange to-day was quiet at the opening and the first prices were a shade lower than the closing figures of yesterday. The depression was largely due to selling for the foreign account and the heaviness of Americans on the Loudon Stock exchange. Trading however, noon became more animated and a laying movement was inaugurated under the indicate of which New Jeracy Central sold up 1%; Sugar, is, Tennessee Cost, I and the rest of the list a fraction, excepting Mexican National and Pittsburg. Chadinat, Chicago & St. Louis preferred, which declined by an ent respectively. The higher prices induced realizations which together with a small bear trade, brought about a reaction of 452 per cent, the latter in Northern Pacific preferred, the in Eric Telegraph and Cotton Oil pre-

ferred, I in New Jersey Central and % In Sugar, La Clede Gas was an exception and rose I per cent to II. About hoon the latter stock advanced the for the common and 2% for the preferred, the latter closing half below the best. A general improvement set in also in the general market, which continued to the close, when the best prices were current. The appreciation in values ranged up to 2 per cent. Minneapolis received III cars and Duluth et cars.

C. Heim, of Allen county, Kas., was at the stock yards yesterday. He says wheat and oats look badly. Bain badly needed. Corn up and stand good.

The four Atlantic ports cleared for export yesterday 217,135 bushels of wheat, 48,841 packages of four, 94,337 bushels of corn and 12,377 bushels of oats.

M. Soit, Washington county, Kas., was at the stock yards yesterday. He says wheat looks bad. Will make very little, Oats also look poorly. Corn up and stand good. good.

J. H. Bartle, of Bartleaville, I. T. was in the city yesterday. He says wheat will not make a fifth of a crop in his section. They have not had a good rain for eight months. Exports of Indian corn from the United States last week were 1,210,500 bushels, against \$3,500 bushels the preceding week, 1,111,000 a year ago, and 1,247,000 bushels two years ago.

Against Associations and L24,000 bushels two years ago.

McMurree, the big Indiana farmer, says:

"I have been all over Indiana. The prospect for wheat was never so bad. It is simply appailing. I have 250 acres and will not save 25 acres."

Joseph I. Toliver, of Lincoln county, Kas., was a visitor at the stock yards yesterday. He says wheat is a failure in his county and outs look poor. Corn agood stand, but nipped a little by frost.

The D. M. Osborne Agricultural Implement Manufacturing Company's crop reports are bad from all over the winter wheat belt and orders for machines are being canceled, according to a St. Louis telegram received yesterday.

The world's shipments of wheat as reported yesterday were considerably below the amount reported Monday. Russia shipped 1,889,600 bushels, Argentine 1,820,600 bushels, America 2,400,600 bushels; total, 8,912,000 bushels.

The weather map yesterday morning showed about the amount temporatures as

The weather map yesterday morning showed about the same temperatures as prevailed Monday morning, though the rost line is a little farther south, because of the clear weather. The temperature was selew freezing only in the Dakotas and Minnesota. Showers and warmer weather tre senerally predicted. below freezing only in the Dakotas and Mannesona. Showers and warmer weather are generally predicted.

Kennet-Hopkins, of Chicago, wired Kirk-patrick & Templar yesterday: "Wheat will probably rally occasionally, but it looks like an overbount market. Liquidation to alsorb the millions Armour has sold in addition to their own pyramids will tax the bank accounts of the countrymen. They will not find it much tim to hold the bags while Armour fills them up with wheat."

A Chicago telegram yesterday said: "Four cars of corn from Nebraska, the first of the year, were yesterday received by Armour & Co. It was taken as as indication that the growing crop begins to look well." It is difficult to understand how Nebraska can ship corn to Chicago, when Chicago prices are only 3 cents above Kansas City prices, and when corn is being shipped daily from Eastern Nebraska to Western, and from Eastern Kansas West.

other crops can be repaired, if there is ample warmth and moisture in the near future.

The Missouri weather crop bulletin for the week says: In most sections of the state the weather during the past week has been unfavorable to grawing crops. The mean temperature was from 8 to 13 deg. below the normal, and frost was reported in some portions of the state on every day execut the lith, very heavy frosts occurring on the 12th and 18th. The greatest damage by frost occurred in the eastern portion of the state, from Knox and Lewis counties southward to Stoddard and Missis, sippt, and on the bottom lands in portions of Clinton, bekalb, Gentry, Worth, Harrison, Grundy, Putnam and Nodaway counties, Many fields of corn were cut to the ground; gardons and polatoes were ruined or seriously injured, and in some districts much damage was done to wheat. Fruit also suffered considerably in some counties and much damage was done to melons. In other portions of the state the principal damage was to tender vegetation on bottom lands. Chinch burs have continued to do great damage to wheat in muny counties, though in some localities their ravages have been checked by the cool weather and rain. In a number of the southern aid castern counties much wheat his been ruined by fly. In many of the western counties of the processory.

The Himois workly weather bulletin says: The coultinuation of cool, cloudy weather,

chats only fair. It is very dry. Corn is up and looks well.

The weather burchu at Washington in its review of crop conditions for the week ended May 20 during which there have been frequent frosts, said: "The exceptionally cool weather of the past week has been very unlavorable for most crops and widespread injury has been done by frosts, which have been general throughout the Northern and Central portions of the country and as far south as the northern portions of Georgia. Alabama and Mississippi, The damage to gauge crops from frost has been especially heavy in New York and Pennsylvania and fruits generally have suffered in all Northern and Central districts.

There was a fair demand yesterday for best drivers and choice draft horses at the steady prices, but pluggy stock was very dull and lower still. Mules quiet, but at the same time held firm. Choice mules getting scarce in the country and farmers reluctant to let go of them. Hence the market is firm, though dull.

PUBLISHED IN MIDOCEAN.

Amusing Newspaper Printed on Board an American Cruiser.

Amusing Newspaper Printed on Board an American Cruiser.

From the New York Recorder.

A newspaper printed on shipboard, on the rolling decks of a 'man-of-war, out at sea, beyond the reach of telegraph wire or post.

An editor whose desk is in the narrow space below decks, known to the saliors as the port brig, whose only glimpse of the outside world is through a little round glass port in the ship's side, looking out over a waste of waters.

Such is the Ocean Wave, published 'in the interests of all good men-o'-warsmen around the world,' and for the particular instruction and amusement of the officers and men of the North Atlantic squadron.

The paper is edited and printed on the flaship New York. Subscriptions, it is stated in big letters on the first page, are payable in gold, silver or jewels. No potatoes or garden truck are taken in exchange.

The Wave has six pages, each of which contains three columns of reading matter. It is printed in four colors-red, black, green and purple. A fine engraving of the flaship flatimore, of the China station, is printed showing that vessel lying off a Corean port.

Copies of the paper just received in this city were printed while the squadron was at Port of Spain, in the biland of Trinidad. The features are a story of the West Indies, some original poems contributed by members of the ship's company, a story of the visit made to Santa Cruz, describing the hospitable manner in which the islanders received the Americans and showed them over their salar palantations, and an account of the international regatta held at Barbadoes, in whom boats from the American ships New York, Cincinnati, Raleigh and Essex took part.

There is a humorist on the staff and the funny column is full of sality lose which smack of the sea.

For the printing of this little paper the ship's printer. Michael Quinlan, of the admiral's staff, is responsible. He can keep his sea legs and set type at the same time. Most of the work is necessarily done while the spin is at sea, and at such times the press ha

GOING TO ST. LOUIS TO-NIGHT? Burlington Route train leaves at 8.15 p. m. The only line running three aleepers with new elegant compartment berths and buffet. Service unsurpassed.
